

Ontario Sailing – Race Management Committee
Meeting notes.
December 14, 2017 – 6 PM
Via SKYPE

Participants: Bill Visser, David Sprague, Pat Lymburner, Paul Brennan, Graham Dougal, Janet Geisberger (new RMCC candidate)

Regrets: Irene McNeill, Ross Cameron, John Weakley, Steve Reid

Congratulations to Paul Brennan as the newest certified RMCC.

Selection of next VC for Committee – Pat Lymburner moves up as Chair, Paul Brennan will be assuming VC responsibilities.

Annual Report input – with changes to the format of the Annual Report, written submission is no longer required.

Course Material Observations:

-) When doing ARO and CRO together the slides do not mesh very well
-) Timing to complete both courses in one weekend is very tight
-) ARO does not seem to expect practical training. Without it the course itself is not as effective as it could be.
-) At recent course in Hamilton, there were too many people for the facility. Perhaps we need to provide space expectations for venues?

RMC Mandate – last updated in 2010. Pat will be reviewing and collecting comments to provide updated version for submission to OS.

Upcoming training – In addition to distributed spreadsheet notes, David indicated that there is an interest for a course at OYS. Ottawa is being scouted for possible course(s). Summer games sailing to be done at Fanshaw (London) – probable need for course there. Spreadsheet updated and passed along to new Chair – Pat Lymburner.

Janet Geisberger is beginning training as RMCC. She will be worked into training schedule as the third instructor to get exposure as required for certification.

Meeting adjourned 6:35 PM.
Bill Visser
Outgoing Chair – Race Management Committee
