About the program

The Water Sport Camp at The Outer Harbour is all about teaching strong fundamental sailing skills in a fun environment. Teaching is rewarding as you have the opportunity to coach sailors from a range of different background in a community setting.

The Outer Harbour is an amazing location that is a well kept Toronto secret. It's often called a cottage in the city, with a sheltered launch and sailing area, beaches for hanging out and a beautiful lawn for games. Coaches are welcome to enjoy club facilities during their down time.

Camp staff are often a close-knit community that enjoys both work and play together during the summer.

Interested? Write to tom@sailingfanatics.ca explaining why you want to work for the OHSF Water Sport Camp and why you would be successful if you got the job.
Application deadline: Monday February 18, 2019
